In 1990, McDonald's Corporation sued a British gardener and postman for distributing a leaflet entitled, "What's Wrong With McDonald's? Everything They Don't Want You to Know."

In June 2005, *Cinema Libre Studio* brings this extraordinary story to theaters. Find out to what lengths McDonald's would go to silence these two people! No burger is left unturned as information about animal cruelty, deceptive advertising, anti labor practices, disease-causing food, and exploitation of children is exposed.
